

FAA Safety Team presents:

# **Teaching Human Factors and What Must an Annual Inspection Encompass**

The introduction of a Safety Management System into general aviation will be extended with discussion of human factors. We will discuss how human factors relate to accidents. Characteristics of a Safety Culture will also be discussed.

The charge for one annual inspection of a Piper Cub was \$300. Can this be a reasonable charge? We will discuss expenses that may reasonably be expected for an annual inspection. A cursory inspection may return an unairworthy aircraft to service. We will view examples of inadequate inspections and learn what happened after that \$300 inspection including a discrepancy that was not found.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. The presentation is open to all pilots. Click the link below and register TODAY.

**Directions:** Enter airport grounds from Rod Sullivan Road. Turn right on AMMONS Farm Road. Keep chain link fence and airport beacon on your left. Turn left at gate with Wings of Carolina banner. Park next to the Wings of Carolina Hangar. For Fly-In participants, parking is available on ramp in front of Wings of Carolina Flying Club hangar.

## Event Details

**Thu, May 11, 2023 - 18:30 EDT**
